Course Title

SANS246

Course Overview

This course explains the SANS246 standard for Fire Protection of Electronic Equipment Rooms. Due to the importance of the functions carried out in Electronic Equipment Rooms early fire detection is critical, such that special rules and conditions are applied, over and above SANS10139. This course will take you through the standard so you can apply these recommendations to your fire detection systems. This course is SAQCC Approved and forms part of the requirements for Fire Detection Commissioner level.

Course Content

- Module 1 - Scope of SANS 246 Documents
- Module 2 - The Categories of Electronic Equipment Installations
- Module 3 - Construction Requirements of Electronic Equipment Rooms
