College

B-BBEE Level 2

SKILLS PROGRAMME:

SHE 1 – SHE IN THE WORKPLACE

Outcomes

Abilities and skills developed:

Dealing with and recognising in abnormal hygiene conditions to themselves or in the business.

Explaining employer and employee duties with regarding safety and health.

Monitoring workplace compliance to safety, health and environmental requirements against specified requirements.

Remedying workplace non-compliance to and non-performance of safety, health and environmental requirements and programmes.

Understanding the risks of workplace hazardous substances and the material safety data sheets (MSDS) for hazardous substances.

About

Safety, Health and Environment (SHE) Skills Programmes are based on the qualification National Certificate: Occupational Health, Safety and Environment (SAQA 74269) at NQF level 2. Several skills programmes may lead to the attaining of the full qualification.

They are intended for safety, health and environmental (SHE) practitioners, middle management and persons managing the occupational safety of any workplace, industry or large office.

The SHE skills programmes assist learners to identify, monitor, advise and report on occupational, health and environmental safety factors, which may have a detrimental effect on the safety of workers in the business or the workplace.
