PURPOSE OF THE UNIT STANDARD

A qualifying learner assessed as competent against this unit standard will be able to assist with the selection, preparation and provision of food for animals. The value of the unit standard to the learner is a wide range of career options in the fields of bird parks, aquaria, zoos, other wild animal holding facilities, breeding centres and rehabilitation centres. This competence will contribute towards best practices of public exhibition of natural resources. This competence will aid the interaction between resource management and the public whilst maintaining the aims of species protection.

COST

This course costs **R2 200.00**
